Senior Risk Manager

The purpose of this questionnaire is for you to identify your qualifications and experience in job-related areas. A panel will review applications, resumes, and Supplemental Questionnaire responses of candidates who meet the minimum requirements and select the best qualified candidates who will then continue in the recruitment process. Although you may possess the minimum requirements for this recruitment, you are not guaranteed advancement in the process.

Applications, resumes, and Supplemental Questionnaire responses must be submitted to Tammie Haller, Administrative Programs Manager, by March 26, 2020.

1. Describe your most relevant experience that demonstrates that you possess the knowledge, skills, and abilities associated with the Senior Risk Manager position.

2. Describe your experience interacting with policy makers, chief executives, public managers, department directors, boards and commissions, administrative staff, and community-based organizations. Include information regarding your role, making presentations, type of positions/organizations interacted with, and types of issues.

3. Describe your experience in developing and implementing safety and loss control programs, and risk management program services. Include the methodology you used to determine the effectiveness of the programs you developed.

4. Please complete the following statement in detail:
   
   *To build a more effective contractual risk transfer program, Authority members should consider the following best practices:*
